

## Ezenia! Inc. InfoWorkSpace Export Compliance Information

This document was last updated on August 02, 2004 This web page provides export control information on Ezenia! Inc. software products. Ezenia! products provide encryption features that are subject to the U.S. Export Administration Regulations ("EAR") and other U.S. law. These features have been approved for export from the U.S., subject to certain requirements and limitations. You may find the information on this page useful for determining exportability to particular places or parties, completing documentation, recordkeeping, or post-shipment reporting.

Although we provide the information below to assist you, you remain responsible for exporting or re-exporting Ezenia! software in accordance with U.S. law. We encourage you to seek appropriate legal advice and/or to consult the EAR and the U.S. Bureau of Industry and Security ("BIS") Encryption Export Controls Division, before exporting, re-exporting or distributing Ezenia! software.

The Export Compliance Information can be downloaded here. [Export Information Document](#)

Product	Version	CCATS	ECCN	Export Req
InfoWorkSpace	2.5.1.2	G035838	5D002	ENC/Retail
