Title: Oracle Critical Patch Update January 2007 – CPUJAN2007 for 3.0

Platform	Version	Operating System	Category
Server	3.0	Windows & Solaris	Oracle

Description:

Oracle CPUJAN2007 for 9.2.0.8 Oracle Server removes the daylight saving time (DST) related Oracle patches (see TB07-004); therefore it is recommended to not apply CPUJAN2007 and wait for CPUAPR2007.

Action:

1. Apply Oracle 9.2.0.8 Upgrade (TB07-003)
2. Apply Oracle daylight savings time (DST) patches (TB07-004)
3. Wait for CPUAPR2007 (scheduled for release April 17, 2007)
