Technical Bulletin TB08-004 Change Request: 9940

Title: IWS server installation hangs if window is moved while the Oracle portion is loading.

Platform	Version	Operating System	Category
All	All	All	Server

Description:

Installation halts at 1%, with a message saying d:\placeware\etc\javebinawt.dll is in use by another process.

Action:

Do not move windows during the Oracle part of the installation.

If you encounter this hang, reboot PlaceWare but do not start it, then finish the installation.
